EDUCATION

The Ohio State University, Columbus, OH   Expected May 2023
Bachelor of Computer Science Engineering, Minors in Business and Game Design
- GPA: 3.778
- Major GPA: 3.685

EXPERIENCE

The Ohio State University   May 2022 – July 2022
Columbus, OH
- Programmed on a National Science Foundation funded project
- Encoded public goods game on LIONESS Labs in JavaScript
- Guaranteed the experiments participants could understand exactly what happened each game round
- Aided group members on code grouping participants correctly
- Placed group members code in the correct stage of the experiment

Perfectly Imperfect Produce   (Summers and Winters) 2020 – 2021
Willoughby Hills
- Managed line packaging boxes of fruit and vegetables
- Ensured all boxes were packed correctly and quickly
- Loaded all boxes onto pallet and organized for delivery or pickup

Solon Summer Camp - Head Counselor   (Summers) 2016 – 2019
Solon Recreation Center
- Managed a group of 30 campers (K-6) for 2 months, chose and facilitated daily activities
- Insured group trips went smoothly, and all campers enjoyed their time
- Communicated with camp officials about campers' needs and issues throughout the day

EXTRACURRICULAR ACTIVITIES & PROJECTS

Personal Website   May 2022- Present
- Coded in HTML, JavaScript, and CSS a personal site to hone my web design skills
- Bought a domain through Google Sites and used Heroku to implement my code and records

Double Take Video   May 2022- Present
- Facilitated purchase of the Streetsboro Bicentennial video sale
- Developed a password-protected site page so only verified payees can receive the video

Mad Royal   2020 – Present
- Video Production Club, learned leadership skills as well as how to manage new technology

Senior Project   May 2019
Hyland Software
- Worked with programmers at Hyland to learn C# and learn about their life at work

Baldwin Wallace ACM Competition   May 2019
- Placed 10th
